EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

1. The numbering of claims is not in accordance with 37 CFR 1.126 which requires the original numbering of the claims to be preserved throughout the prosecution. When claims are canceled, the remaining claims must not be renumbered. **When new claims are presented, they must be numbered consecutively beginning with the number next following the highest numbered claims previously presented** (whether entered or not).

Therefore, the claim numbering has been changed as follows:

Misnumbered claim 5 been renumbered 11.

Misnumbered claim 11 been renumbered 12.

Misnumbered claim 12 been renumbered 13.

Misnumbered claim 13 been renumbered 14.

Reasons for allowance

2. The following is an examiner's statement of reasons for allowance:

As explained in the previous Office action, the prior art of record fails to disclose or reasonably suggest a path-converted variable optical attenuator comprising the transmitting fiber, receiving fiber and the mirror constituting a group, and the further transmitting fiber, further receiving fiber and further the mirror constituting a further group, the group and further group enabling attenuation of the optical signal and the

further optical signal; and a semiconductor wafer arranged parallel to the group and the further group as recited in the independent claims.

Claims 9-14 (as correctly numbered) are therefore allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
